Guest Beer Rack Stores Update

Guest Beer Racks Stores Update

COMMUNICATION FROM BUYER

I've had some concerns coming in from stores with regards to the Guest Beer Rack. Right now with our limited merchandising directive some stores have removed the rack from the floor to get it out of the aisles and make space for customers. Before your teams delivery Guest Beer Rack products, please check to make sure the store has the rack on the floor. I've been advising stores to refuse the product in these situations.

Store #	Chain	State	Store
